

Procurement Policy 2024 - 2029

The number one priority for Skipton BID regarding procurement is to directly invest back into the levy payers, wherever possible, so that a direct return on their investment is received.

Priority will be given to suppliers within:

- The Skipton BID area
- The Non-BID area of Skipton
- A reasonable radius of Skipton
- North Yorkshire, Yorkshire or nationally for specialist suppliers

The Procurement Process will be:

- Under £1000 the decision will be made by the BID Manager
- For £1000 or more there will be three independent quotes and the decision will be made by the BID Manager, referring to the Audit Committee.
- Over £5000 the Board will make the decision based on value for money, price, ability to deliver within timescales.
- Over £15,000 the tender will be advertised with a range of suppliers. The tenders will be presented to the Board for a decision who to proceed with and decision minuted.
